

CADAVER ANATOMY WORKSHOP

For Bodyworkers and Medical Professionals

with

Dianne Polseno, LPN, LMT and Ed Cardinal, MSPT

Limited to 50 students! Register Now!

Join Dianne and Ed for an experiential workshop that guides you through a visual tour of the musculoskeletal, nervous, respiratory, and circulatory systems and the internal organs. You will be able to explore and palpate anatomical structures independently. This experience will change your perspective on the body and help educate your intuition.

NOTE: This year, we are working with 6 cadavers. You will see a total knee and hip replacement, pacemaker, shunt, hemi-sected pelvis, and all the rest of the magnificent anatomy.

SUNDAY, November 22, 2009
